

Wearing and Weathering Away (pg. 241-246 in Planet Earth)

What forces create and build mountains? (think of our last unit)

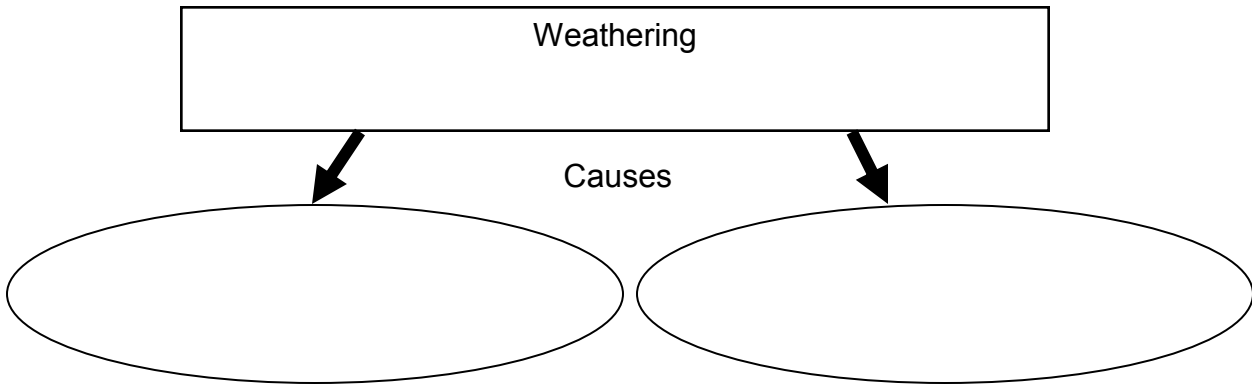

Degradation

1. Weathering
2. Erosion
3. Transportation

Aggradation

Deposition

How does weathering affect human populations?
Think of both big and small scale examples.

Physical Weathering

- Explain the four types of physical weathering (don't worry about crystal growth).
- Use your own words as much as possible.
- **INCLUDE A SYMBOL / DRAWING** to help you.

Chemical Weathering

- Explain the three types of chemical weathering.
- Use your own words as much as possible.
- **INCLUDE A SYMBOL / DRAWING** to help you.

	<p>How can we identify different types of weathering?</p> <p>Physical?</p> <p>Chemical?</p>
